

Uplifting productivity

1 July, 2015

Lighting the way to **operational excellence**

Optimal lighting for workplace safety and productivity

- Compliant, high quality lights for a safe work environment
- Good light distribution for optimal productivity
- Superior colors and superior savings
- Suitable for 24/7 usage, yet low maintenance
- Sustainable solutions of long-lifetime

Quality LED lighting for both short-term upgrades or comprehensive lighting overhaul projects for long-term

Lighting the way to **operational excellence**

**Not just brighter,
but a smarter facility**

- Award-winning, wireless solutions
- High CRI and UGR
- Cleanroom-ready, dust-resistant lights
- Waterproof solutions
- Energy savings of up to 75%

**Extensive range of affordable and advanced solutions
applicable for 2m to 30m spaces**

Green lighting at work

Spotlight on our products

Spotlight on our products

GreenUp Highbay

Award-winning highbay product, integrated intelligent controls for wireless control, occupancy and daylight detection

- Up to 75% energy savings compared to HID, easy to install, optical lens with low glare (UGR 17) and accurate color (CRI 85)

GreenPerform Highbay

High performance, long lifetime, low glare, unique flat design

- Up to 77% energy savings, choice of beam angles for optimal light distribution, attractive return on investment

SmartBay

Suitable for various applications across factories, malls and public areas

- Comfortable light with CRI > 85 and low glare, reliable and long lifetime

SmartBright Highbay

Highly efficient and reliable, long lifetime, low glare, smooth uniform light output

- Direct replacement of conventional HID, reducing energy consumption by up to 60%

Master LEDtube G5

Reliable, value-for-money, fit-and-forget LED tube that delivers over 54% energy savings compared to fluorescent lamps

- Instant on with no flicker or buzz, natural and comfortable light effect

Spotlight on our products

Master LEDtube T8

Affordable LED tube of high cost-performance, delivers uniform light output, superior colors and savings, suitable for relamping and new projects

- Energy savings of up to 60%, long lifetime, no IR/UV, instant-on, comfort to the eyes

Hygeia

LED cleanroom luminaire for use in applications demanding high hygiene, dust-resistant and easy-to-clean luminaires

- Energy savings of up to 50%, streamlined shape to minimize disruption to airflow and dust accumulation

GreenPerform Trunking

Modular design for flexible installation, high quality, uniform and continuous end-to-end light, choice of 3 beam angles for optimal light distribution

- Up to 50% energy savings, 3D light effect, low glare

GreenPerform Batten

High quality LED batten, reliable and robust, long lifetime, good color uniformity, high vertical illuminance

- Up to 50% energy savings, versatile with flexible optics and mounting accessories

GreenPerform Waterproof

New generation LED, waterproof, reliable and long-lasting, IP65 and IK08 protection, UV-resistant for tough environments

- 50% energy savings, comfortable light with high color uniformity, easy installation

Why Philips?

Quality and expertise

Only the best and most suitable portfolio, quality standards and the right experts

Great customer appeal

Enhance atmosphere for spectators, encourage spending and good word-of-mouth

Flexibility

Make a venture multi-functional, raising revenue potential

Sustainability

Significant energy savings, reduced operational costs

Higher ROI

Lower costs and higher revenues with support from Philips

Why Philips?

Creator of technology-leading, future-proof lighting solutions

Complete one-stop solutions to maximize your investment

- Partner with you and your design team
- Customized solutions and services

Support from start to finish

- Advisory services: Expert light audit, convince your team/bosses
- Project services: Hassle-free project management
- LifeCycle services: Cost-efficient maintenance
- Philips lighting capital: Financing with little to no upfront investment

Packaged offerings just for you
